He conquered the galaxy.

She conquered him.

Despite being broke, newly out of a job and having terrible attention to detail, curvy Ashley Curtis has been chosen to join the guardians that protect Earth against the aggressive aliens that want to enslave mankind. And she is needed *now*.

Her mission: To trick the most powerful and dangerous alien of all, Prince Eynar, who is about to conquer Earth.

But when it turns out that her curvy shape makes her the perfect wife for the incredibly sexy prince, she has to decide just how badly she wants to be an alien princess...

Join our inept, but curvy and sexy heroine in this first installment of the Star Hearts saga, a sexy sci-fi comedy!

Note: Each book is a complete story, like an episode of a TV show. Real endings, no cliffhangers. Some longer story arcs take a few episodes to play out completely.
