Jim Morrison, in all his sensitivity and bombast blast into stardom in the late 1960s as the lead singer of The Doors. Were the beams of his star manipulated and mastered by sinister forces while he stood by rejecting authority? Did the turmoil inside the poet drive him into the spotlight only to leave him questioning its validity while secretly reaching for the hand of all he'd rejected? Michael J Bollinger examines the singers rise and fall and delves into Jim Morrison's search for what awaited him beyond deaths door.
