As cats and dogs live with us for longer periods of time, they are privy to our habits and faults, facing environmental toxins, antibiotic overuse, commercial convenience foods, and chemical parasite products. As a result, they are developing more complex imbalances affecting the immune system. They also get stomach ulcers, inflammatory bowel disease, high cholesterol, and thyroid and heart disorders. In short, they mirror all of our problems. This guide is filled with natural and holistic practices that can return pets to health and keep them there. Set in an A-Z format, this book makes it easy to look up any issue your pet has.
