Stephen Quayle

Genesis 6 Giants Volume 2 Master Builders of Prehistoric and Ancient Civilizations Stephen Quayle
The master work of research and insight on Giants by Steve Quayle has been revised, updated, and expanded! I started by investigating the origins of ancient civilizations: their builders, their myths, and their legends. Little by little, what I discovered prompted and provoked me to seek answers beyond the party line. As Henry Ford, the automotive genius of the last century, so aptly put it, "History is more or less bunk." The conventional view of ancient peoples is that they were dumb brutes. And the farther back in time you go, the dumber they must have been for the simple "reason" that human kind is supposed to be evolving into a better, wiser beast. Yet, as you'll see, the exact opposite may have taken place. Hidden in the truth is the fact that giants not only existed but most likely ruled and controlled lesser men due to both their physical as well as their mental superiority. Yet the truth remains: Those legends, myths, and oral traditions may not be so farfetched as you have been taught, and even would prefer to think. In fact, they may have at least nuggets of truth in them. That truth points back to a period of time, in the dateless past, when great civilizations flourished with scientific and engineering achievements (which challenge modern intellects) were then the norm. Table of Contents Chapter 1: Creation Chapter 2: Pre-Adamic Earth Chapter 3: The Destruction of Angelic Civilization Chapter 4: Pre-Adamic Science Chapter 5: Angels and Giants Chapter 6: Religions and Giants Chapter 7: Once There Were Giants Chapter 8: Giants in the New World Chapter 9: Giants in Europe Part 2 Chapter 10: Ancient Giants Chapter 11: Giants in European Culture Chapter 12: Early Sightings of Giants Chapter 13: Of Warriors and Children Chapter 14: Royalty and Giants Chapter 15: Giants & Body Snatchers Chapter 16: Nothing New Under the Sun
