Hipótesis sobre María: Hechos, indicios, enigmas (Spanish Edition) Vitorio Messori

María, la madre de Jesús de la que nos hablan los Evangelios, es sin duda la mujer que más impacto cultural y social ha tenido en la historia de la humanidad. Pese a que ignoramos qué aspecto tenía realmente, de ninguna otra mujer existen tantas imágenes. María es, sin discusión, la mujer más presente en las artes plásticas, en la música o en la literatura. Muy pocos se han adentrado con tanta seriedad y amenidad en la figura de la que los cristianos llaman Madre de Dios como lo ha hecho Vitorio Messori. «Hipótesis sobre María» es fruto de años de minuciosa investigación. En sus páginas se desvela una panorámica sorprendente de un mundo con frecuencia secreto en el que Messori muestra qué hay de leyenda y qué de realidad en María. En este libro el dogma se une a la anécdota, la exégesis bíblica a las apariciones, la espiritualidad a la historia y la teología al misterio. Se entrelazan aquí puntos de vista de científicos y literatos, de santos y pecadores, de inquisidores y herejes, de emperadores y campesinos. Estas páginas son simultáneamente rigurosas y divulgativas. Son el resultado —como ocurre en los libros de Vitorio Messori— de la vivacidad y claridad del gran periodista, unidas a la solidez del estudio actualizado y respaldado por una extensísima documentación.
