What America Needs: The Case for Trump Jeffrey Lord

He's controversial, colorful, and occasionally crass. But there's no denying that billionaire businessman Donald Trump has struck a chord with the American electorate. Right now the economy is floundering; college students are protesting; undocumented immigrants are settling in; ISIS is growing; and Russia is plotting. It's time for a bold leader in the White House. It's time, CNN contributor Jeffrey Lord says, for President Donald Trump.

In *What America Needs*, Lord makes a powerful case that Trump—often denigrated even by other Republicans as too outrageous for the White House—is actually *exactly* the president our country needs right now: one who will reverse the damages done during the Obama administration and do what it takes to make America great again.
