Please note: inside pages are black and white. I was looking for an inexpensive and easy way for my kids to take notes and pay attention during church. For a while I was printing free pages from the internet and putting them in a notebook. After a while I got tired of having to print pages and keep a binder. So...I decided to publish my own sermon notes activity book for kids. It is simple but effective.

The idea is to help your child stay focused and attentive during church services. This activity workbook encourages children to listen, learn and apply. Since I started using sermon notes for my children it has eliminated squirming, distractions, and misbehavior. Each page has multiple activities to allow children of all learning styles to focus their attention on what is being done and taught during the church service. Best of all, each activity is simple and easy to understand. The workbook holds 52 sermons. Each sermon has two pages worth of activities.

The size is 8.5" x 11" like a standard sheet of copy paper (108 pages).
