**Does he like me? Does he love me? (The Menosis Series Book 3)** Lucas Hodges

“Does he like me? Does he love me? Is such a dilemma for most people interested in men romantically” says Lucas Hodges, “It is a time-told question which I try to answer in this new book.”

The author is full of passion about the last book in the Menosis series.

"Most people get dating advice from friends. What if your friends were wrong?"

"Not only does it comprehensively answer the question- does he like me? But without being boring it helps you to know how to understand men."

"It's the only book you'll ever need to develop healthy relationships."

When asked how much difference Does he like me? makes, Lucas had lots to say about the subject.

"It gives you so much men advice through areas such as dating, before, during and after dates but handy things too like body language of a man."

"I wrote this for inexperienced daters as well as those who are back on the dating scene. Most people these days are so busy. This book is simple. It's quick. It's easy to understand. And it's short, you can read it in less than 30 minutes."

"Busy people have too much on their minds. They don't have time for volumes of psycho babble and slow results. Instead, I have created an easy to follow guide which answer the questions probably rattling around in your head on this subject."

Are there any surprises in Does he like me, Lucas?

"There's a lot of what I call 'don't waste your time' moments. I am a realist as well as an optimist when it comes to dating and know that some men really don't know what they want and in the process break a lot of women's hearts. This guide empowers you to ditch him before it gets to serious once you can recognise how to understand men. My guide helps with this."

Are you saying that this is aimed at gay men as well as women?

"Yes. Definitely. I have said that this is dating advice for women but it is really for anyone wanting a relationship with men. They can all get something out of this book."

Are there any other reasons, Lucas, anyone else would buy the book?

"Anyone who needs a refresher because the world has moved on so quickly would benefit from this as well as all those groups I have mentioned before."

Ok Lucas, real quick, sum up for us why everyone should buy Does he like me? Does he love me? right now.

"No one wants to spend the rest of their life lonely. Loneliness can make people mentally ill. My guides aim to stop this alarming chain of events in their track!"
