Much has changed in a decade: "PIA", as he code-named her, has grown up and is about to attend her first Alliance of Planets summit conference, and Brock has been transformed into a cyborg after a near-fatal attack. Now a secret agent with Cyber Operations, a covert paramilitary organization, Brock gets called in, not when the going gets tough, but when the going gets impossible. But after a terrorist bombing, a crash landing on a hostile planet, and a growing attraction to his protectee, Operation: PIA may become his most impossible assignment yet.
