Toolkit for Evangelization: Talking to the Culture Rev. James Bromwich

If you are a person of Faith striving to be a good Christian disciple and have wondered how to reach an increasingly apathetic, skeptical, even hostile culture, this Toolkit is for you. The Toolkit for Evangelization is easy-to-use and an essential foundational tool for all Christians seeking to engage contemporary men and women. First, it teaches fundamental truths about our human existence that can easily be known by anyone through simple reason and experience. These truths are common to all human beings and undergird who we are, from whence we came and where we are going. Rather than starting our conversations from the "top" (with belief in God, Sacred Scripture and Tradition), it is necessary to first find common ground: what we can all know from reason and experience. In this way, we begin by building a bridge between unbelief and Faith. The Toolkit then deepens the missionary's engagement with these truths through individual and group exercises, and then provides tools for missionary engagement with the world. By engaging the people of our culture in conversations that target these fundamental realities, engaging them where they are at, we have a better chance of leading them to a joy-filled life of Faith in Jesus Christ.
