The Anvil of the Craftsman (Jon's Trilogy) Dale Amidei

A doctoral candidate in Theological Studies accepts recruitment by a friend in the U.S. State Department for an initiative to the most troublesome province in 2006 Iraq. The many challenges of nation building expand the mission from diplomacy to a survival situation as local and international interests position themselves to oppose the State Department initiative: one vital to progress in an uncertain theater. Terrorism and counter-terror operations threaten to keep the team from leaving the relative safety of Baghdad. Until, that is, a former USAF Special Tactics operative hunting the men who want to kill them draws duty as their protector. The simple questions posed during a tribal council threaten provincial and regional stability; the conclusions reached explode into a clash of faith, loyalty, schism and betrayal that will help shape the future of two nations. The Anvil of the Craftsman, the debut novel by author Dale Amidei, will be appreciated by fans of a broad range of fiction; from aficionados of the haunting themes of Ernest Hemingway to readers of the tightly woven plots of Tom Clancy and popular titles of authors like Vince Flynn, David Baldacci, W.E.B. Griffin and Richard Marcinko.
