Through the Looking Glass Richard Idemon

Back due to popular demand! In this book, Richard Idemon teaches us how to look at the natal chart to gain rich, new insight into our deepest nature - the hidden agendas, childhood patterns and the belief systems that invariably shape our lives and relationships. Combining the symbolism of astrology, mythology and Jungian psychology, he teaches us how to break free of the entrenched attitudes that limit and restrict us. Above all, Idemon provides new depth and dimension to the understanding of the most important aspect of our lives - how we reach out and interact with others. He tells us that the important people in our lives are like looking glasses - mirrors of our unfolding process toward a fuller consciousness. By looking into these mirrors we can transform ourselves and thus change the relationships which are so important to us.
