## **If You Teach Me Japanese...** Paul Swanson, Yuko Swanson

Paul and Yuko Swanson have done students of English and Japanese a remarkable good turn. Where other textbook authors have concentrated on making language-learning so complex that only a school curriculum can handle it, or so simple that you can teach yourself, the Swansons have given intelligent aid to an alternative model of education: learn-yourself-by-teaching-someone-else.

Obviously, exchanging languages works. Bulletin boards and classified ads across the country carry messages just like the title of this book. For despite the best efforts of professionals to expropriate conversational skills for their own field of specialization, there is no denying the basic fact that we are all experts in the language we were born with. What the Swansons have done is to provide some basic organization to that native expertise, while maintaining the informal setting that makes exchanging languages so appealing.

As a quick glance through these pages will show, the language-patterns and drills are based on ordinary conversation, and the helpful "Culture Notes" are drawn from everyday experience. There is nothing artificial or bookish about them. In this sense, it is the kind of book that only bi-lingual and bi-cultural folk like Paul and Yuko Swanson could have written. The Japan Publications Trading Company is to be congratulated for supporting this effort at helping students of language of all ages to do better what they are already doing well.

This great information can drawn you into completely new stage of crucial pondering.

#### **John Newton:**

As a student exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this If You Teach Me Japanese... can make you sense more interested to read.

#### **Audrey Stockman:**
