Young Henning Babbis has learned not to consider himself to be anything special. Ignored and taken for granted by his family, his education suffering as a result of their neglect, he nevertheless struggles to fit in and improve himself, though with unimpressive results. He's also learned not to expect anything more for himself, convinced that he's doomed to live his life in a deep closet, surrounded by people who don't care and who'd have given him a lot of grief if they were to find out he's gay.

Things come to a sudden head when Henning's fifteenth birthday rolls around. An unexpected and terrifying attack by a creature from another world shakes up his quiet life, and Norbert steps forward with remarkable and shocking revelations as to Henning's true identity. And from a boy who's grown up to think himself as a nobody, Henning discovers a previous life in a world called Wintergrave -- a world of magic, romance, and danger.

In the company of a motley bunch of former warriors, Henning must reclaim his former life and regain his powers in order to defeat an old threat. But in order to do that, he needs to convince a certain former lieutenant that the two of them were deeply bonded before and need to reform their connection now in order to get their powers back. The wrinkle? Ellery Thomas is in a happy relationship with another boy in this lifetime.
