## **Pandemic Diary: Shelter in Place (Volume 1)** K.W. Callahan

It can't happen – our society is too civil, our civilization too advanced, our technology too developed to ever allow for a breakdown of law, order, government, and our way of life and living. At least that's what we tell ourselves so we can sleep soundly at night. But it CAN happen, and now it HAS happened. A pandemic far more deadly than any virus the world has ever seen is spreading worldwide. It puts its predecessors – SARS, bird flu, Ebola, and even horrifyingly lethal outbreaks like Spanish Influenza and the Plague – to shame. Experience this pandemic and its terrible effects first hand through the eyes of a family just doing its best to survive.
