=====

From How To Get The Most From Your Kindle:

How To Get The Most From Your Kindle gives the novice Kindle user an introduction to the various types of Kindles. Covering topics such as how to get the best pricing, when to buy, and the future prognosis of the most popular eReader on the planet, it's a one-stop shop for all the buzz around the Kindle devices. From an honest and critical perspective that quotes both fans and critics of the Kindle, it offers the reader valuable advice on the pros and cons of the Kindle devices.

It also offers tips and tricks to use on your Kindle device once you've become a party of the Kindle family!

=====

From How To Get The Most From Your Nook:

From the best deals to hidden secrets, this eBook explores the perks and tricks of your favorite eReader! Adrienne Bischoff offers a users road-map for the Nook device, including where to find the best deals on devices and accessories, and hidden hacks you never knew your Barnes & Noble device could do.

=====

From Beginner's Guide to the Most Popular and Useful iPhone and iPad Apps:

You've probably already heard this said: there has never been a better time to download apps tailored to your "on-the-go" interests and goals than now. In fact, it's a reality we're all counting on; that extra support and access is so darn promising for individuals and businesses alike.

And indeed, app downloads do continue to rise to express both our yearnings and the continued undiminished popularity of apps themselves. The Apple blog cites 32.2 million app downloads per day by Mac users, nearly three times more than music downloads on iTunes while AdMob offers up some compelling stats, pointing up the same similar growing interest nationwide.

But it's you specifically we are talking about here, you who are probably eager to delve into the promise of your experience and not just your device. If this is so, immersing yourself straight away in app frenzy is not necessarily the best way to get going — especially if you're a newbie, wondering where to get the lowdown on apps in plain English, or have a hope to avoid the advertising onslaught and that feeling of becoming deluged by exposure to too much choice.
