Wedding Photography: A Guide for Modern Brides & Aspiring Photographers Tracy Cai

The purpose of this book is twofold. First, because I was the beneficiary of my friend's generosity, I feel compelled to "pay it forward" and share my trade secrets with others who consider themselves hobbyist or amateur photographers. Wedding shoots are a great opportunity to hone your creative skills, and if you have a love for photography and an eye for the unique, then you may well find yourself drawn toward an infrared romance. It's my hope that this book may help you down that path and offer you inspiration on your journey. Second, if you are a bride-to-be, this book will give you a better understanding of what to expect from your wedding photographer. It may also encourage you to give a hobbyist or amateur photographer a chance to shine at your event.
