Biophilia

Christopher Marley's art expresses his passionate engagement with the beautiful forms of nature. Beginning with insects and moving on to aquatic life, reptiles, birds, plants, and minerals, Marley has used his skills as a designer, conservator, taxidermist, and environmentally responsible collector to make images and mosaics that produce strong, positive emotional responses in viewers. Marley has a brilliant eye for color and pattern in different natural objects, and he expertly captures the deep relationships among them. *Biophilia* (literally, "love of living things") is a must-have for nature lovers, designers, artists, craftspeople, and anyone looking for visual inspiration in the arts.
