## **Industrial Organization: A Strategic Approach** Ware, Roger Ware

Through an effective blend of analysis and examples this text integrates the game theory revolution with the traditional understanding of imperfectly competitive markets. The book's focus is on strategic competition and how firms can shelter their market power and economic profits from competitors. This focus establishes the intellectual foundation for determining business practices that warrant antitrust examination and prohibition and underlines recent activist antitrust policy. The author's stress an integrated understanding of industrial organization and the development of students' analytical abilities.
