Andy Falcone Marvin Lindberg

It is the decade of the sixties. Andy Falcone is enrolled as a student, and is convinced that he needs to see the US by hitch-hiking on Route 66 from Madison, Wisconsin to Los Angeles, California. What he didn't expect was the incredible characters that he would meet, and that many of these characters were not only interesting, but full of ideas about America. Andy also injects himself into some of the important historical changes, much of which he was not even aware of.
