Ectopia Martin Goodman

A dystopian novel set around London's disused Heathrow Airport. For sixteen years the Earth has baked and no girls have been born. Karen's the last girl. Steven's her gay twin. Dad turns their home into a fortress as women take their chance to rule the world. Their eyes are on Steven. Perhaps, with a little medical interference, he could be the saviour of the world. The boys of teensquad run the streets, insects clog the skies, and scientists are cooking up a brand new Eden. Interzone says: 'Ectopia is a terrific novel with excellent characterisation, world-building, narration and dialogue. A story of great depth, raising questions about who we are and how we define ourselves. Steven is a brilliant narrator with a thrilling tale to tell.' Litreactor says: 'Ectopia is a thought provoking read that isn't afraid to take risks, which gives it a leg up in the crowded dystopian marketplace. It's not going to usurp The Hunger Games as teenagers' dystopia du jour (especially since Middle Amerimoms won't appreciate the incest and gay sex), but give it a few years and some of them will want to cut their teeth on something meatier.' Occam's Typewriter says: 'If you are a connoisseur of dystopias, this will be one for you'
