Arthurian legend meets Star Wars in the second volume of the Space Lore trilogy. Six years ago, two fleets met in a battle that changed the course of the galaxy. In the time since, the CasterLan Kingdom and the Vonnegan Empire have been rebuilding their forces. The clock is ticking down to another inevitable confrontation. In the face of insurmountable odds, Vere CasterLan's only hope lies in freeing a legendary weapon from the stone that encases it. It has been said that whoever can free the Excalibur will possess unimaginable power. The only problem, as certain death approaches, is that for thousands of years no one has been able to figure out how to release the Excalibur from the asteroid surrounding it. In this second volume of the Space Lore trilogy, lives will be lost, kingdoms will be redrawn, and the galaxy will never be the same.
