The Story of the Santa Fe (Classic Reprint) Glenn Danford Bradley

Excerpt from The Story of the Santa Fe

The Santa Fe Railroad added an industrial empire to the United States. It has been mainly responsible for the colonizing, development, and permanent occupancy of the greater portion of that vast region included within the present limits of Kansas, Southern Colorado, Oklahoma, Texas, New Mexico, Arizona, and much of California.

As is perhaps commonly known, the Santa Fe System ranks with the foremost of the transcontinental railroads, which lines have made possible the occupation and the retention of the entire great West. For without the efficient and rapid transportation which these splendid railways have provided, it is hardly conceivable that this Union of States as we know it could exist. Situated at a great distance from the older and more populous regions in the Missouri and Mississippi Valleys, that vast area beyond the Rocky Mountains, as well as the Pacific Coast, would almost inevitably have drifted away from the Union due to the mere force of sectionalism were it not for the tremendous cohesion which our Western railways have exerted. In fact it is not unreasonable to believe that the Pacific Coast might to-day be in the hands of some other power had it not been for the rapid development of American railway transportation.

The story of the Santa Fe is fraught with romance, as I trust the subsequent pages of this book will prove. Following the route of the famous old Santa Fe trail, this railroad has pushed steadily onward until to-day it is one of the world's greatest railroad systems.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
