## **The Voice Of Success: Male Edition: Voice Tools For The Man Who Commands Attention: Book Includes a Full Video Voice Lesson (The Wilson Voice Series 3) Joni Wilson**

THIS BOOK WAS WRITTEN BY POPULAR DEMAND!

Joni Wilson, America's Premier Voice Trainer has now turned her attention to the Male Voice. Upon completion of her 4 book Wilson Female Voice Series, Joni is finally answering her many requests to add a male version of the Voice Of Success to the Wilson Voice Series. In her 25+ years of teaching both male and female voices, Joni is familiar with the frustrations of both genders when it comes to creating the perfect voice to deliver their message, and also the many differences in the training of a male voice and a female voice. In today's obsession with gathering information on-line through video, a pleasing, audible voice can make the difference between success and failure of a product, a pod-cast, a webinar, a stage presentation, and even a one-on-one business proposal.

In this book, written just for men, Joni covers every facet of the male voice from puberty to old age, from increasing power and range to breathing problems and vocal weakness due to over work and health issues. Joni is known internationally for digging deep and tackling the big "whys" of the male voice. Not only does she pin-point the problems, but she lays out the reasons why they occurred and how to fix them so that they stay "fixed". To Joni, there is no such thing as an aging voice, there is only an untrained voice. The voice is an instrument, but it is also mechanical, and once the secrets and the mysteries of the voice are uncovered and exposed, curing the effect is easy when you understand the causes.

From singers, to speakers, to business executives, to authors, actors and voice-over artists Joni is the "go-to-girl" when it comes to fixing voice problems and answering questions like:

"How do I add Power to my voice without straining?"

"How do I overcome Stage Fright?"

"How do I "deepen" my voice to sound older and more experienced?"

"How do I keep my voice from shaking?"

"Can I really get rid of my accent?"

"People say I mumble, what can I do to correct that?"

"I can't stop clearing my voice, can you help me?"

"I used to sing but now my voice sounds weak, what can I do?"

"I want to do my own commercials, can you help me become a voice-actor?"

"I'm always out of breath when I give my presentation, I need more breath Power!"

"I have a tight jaw and it's hard for me to open my mouth, can you help me?"

These are just a few of the questions Joni answers in the book, and as a bonus Joni has included 5 video voice lessons where she goes right to the heart of the problems. It's almost like having Joni in your own room solving the problems in person.

Joni Wilson is not only the Author of 7 books on voice, 3 of which were #1 best sellers, she is the creator of the 3-Dimensional Voice® Training System, a registered cutting-edge voice method that is changing the lives of Singers, Speakers and Business Executives, all over the World. In this male edition of the Voice of Success, Joni shares her 3-Dimensional Voice method not only in print but also on video. The value of this complete "voice training in a book, package", is priceless to the man who wants to create the perfect voice to deliver his unique message to the world.
