## **Behind the Scenes of the Universe: From the Higgs to Dark Matter** Gianfranco Bertone

An extraordinary discovery has recently shaken the foundations of Cosmology and Particle Physics, sparking a scientific revolution that has profoundly modified our understanding of our Universe and that is still far from over. Pioneering astronomers in the 1920s and 1930s had already noticed suspicious anomalies in the motion of celestial bodies in distant galaxies and clusters of galaxies, but it wasn't until the late 20th century that the scientific community was confronted with an astonishing conclusion: the Universe is filled with an unknown, elusive substance that is fundamentally different from anything we have ever seen with our telescopes or measured in our laboratories. It is called dark matter, and it constitutes one of the most pressing challenges of modern science.

In this book, aimed at the general reader with an interest in science, the author illustrates in non-technical terms, borrowing concepts and ideas from other branches of art and literature, the far-reaching implications of this discovery. It has led to a worldwide race to identify the nature of this mysterious form of matter. We may be about to witness a pivotal paradigm shift in Physics, as we set out to test the existence of dark matter particles with a wide array of experiments, including the Large Hadron Collider at CERN, as well as with a new generation of Astroparticle experiments underground and in space.

### **From reader reviews:**

#### **Lisa Martin:**

Have you spare time to get a day? What do you do when you have more or little spare time? Yeah, you can choose the suitable activity for spend your time. Any person spent their own spare time to take a move, shopping, or went to the actual Mall. How about open or maybe read a book called Behind the Scenes of the Universe: From the Higgs to Dark Matter? Maybe it is to get best activity for you. You understand beside you can spend your time along with your favorite's book, you can cleverer than before. Do you agree with it is opinion or you have additional opinion?

#### **Rene Hudson:**

The ability that you get from Behind the Scenes of the Universe: From the Higgs to Dark Matter is the more deep you looking the information that hide inside words the more you get interested in reading it. It doesn't mean that this book is hard to comprehend but Behind the Scenes of the Universe: From the Higgs to Dark Matter giving you buzz feeling of reading. The article writer conveys their point in certain way that can be understood by anyone who read the idea because the author of this reserve is well-known enough. This specific book also makes your vocabulary increase well. It is therefore easy to understand then can go to you, both in printed or e-book style are available. We recommend you for having this Behind the Scenes of the Universe: From the Higgs to Dark Matter instantly.

#### **David Mathews:**

Reading a book to get new life style in this calendar year; every people loves to read a book. When you learn a book you can get a lot of benefit. When you read guides, you can improve your knowledge, due to the fact book has a lot of information into it. The information that you will get depend on what types of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you can read a fiction books, these kinds of us novel, comics, along with soon. The Behind the Scenes of the Universe: From the Higgs to Dark Matter provide you with a new experience in studying a book.

#### **Marianne Stromain:**

You can find this Behind the Scenes of the Universe: From the Higgs to Dark Matter by look at the bookstore or Mall. Just viewing or reviewing it could to be your solve challenge if you get difficulties for the knowledge. Kinds of this book are various. Not only by simply written or printed but also can you enjoy this book by means of e-book. In the modern era just like now, you just looking because of your mobile phone and searching what their problem. Right now, choose your personal ways to get more information about your e-book. It is most important to arrange yourself to make your knowledge are still upgrade. Let's try to choose proper ways for you.
