What if all the cells in your body could talk? What do you think they would say? Cell to Cell dives into the human body and focuses on the tiniest of organisms, namely our cells. In this book we follow Nero, a Neuron as he comes to life and journeys throughout the developing human body. His adventures will take him into places unknown and he will encounter both friend and foe alike. Who better to explain whats happening inside our bodies than a cell? It's their unique perspective that is the true heart of Cell to Cell. Will their inside world be anything like ours on the outside? There's only one way to find out!
