“Yes, Sir. I hear...and I obey.”

Delilah Korset has too many problems. Her business is failing, her clients are abandoning her, her marriage is stagnant, and those closest to her reject her outright. Then she meets Albert Stout, who promises he'll fix everything with his mysterious computer program. Only, the way Stout fixes problems is to **bend them to his indomitable will**.

Stout's magnificent computer program **utterly entrances** anyone who watches it. Soon, Delilah is **erotically subservient**, willing to please his masculine member all day long with her mouth or any other part of **her luscious body**. Soon, Stout enlists Delilah's help to entrance her most gorgeous client, a **beautifully fertile starlet** who abandons her dreams of fame to devote herself to Stout's pleasure. These lovely women are utterly devoted to adoring Stout and getting as **pregnant as possible from his impregnating seed**. Unless Delilah can fight his control, Stout will have Delilah leave her husband and bring in a young gorgeous woman she's known all her life to worship Stout in his **hot breeding harem**.
